The Castle cares

WHITBY - The generosity of the season was no stranger in Trafalgar Castle School where students raised $5,000 to give to breast cancer research at their annual Castle Christmas Fair this year. The school has donated more than $12,500 to the Canadian Breast Cancer Research Initiative over the past five years and the effort is considered an important aspect of the community service component of education taught at the private girls' school. Shown here, left to right, are Dr. Marilyn Schneider, executive director of the research initiative, Sarah Shaw and Kelly Leung, community service coordinators and Trafalgar students, and Carol Ann Cole, chairman of the management committee, Canadian Breast Cancer Research Initiative.

What a year it has been! It is hard to imagine that so much time can go so quickly! I would like to start off by thanking Ms. K, without her this yearbook would be non-existent. She has put so much time and effort into this project, and I am truly thankful. As well, a special thank you to Mrs. Pollitt who took all of the wonderful pictures, which really capture a moment and turn it into a memory. Thank you to all the people who helped put this small book of memories together - Darah Lam, Kailan Ambrose, Nicole Garton, Fion and Georgia Tong, and finally Isabella Yu, Ruby Shu. I wish all the Grads the best of luck in university; you will be greatly missed here at "Dear Old Trafalgar" old being the operative word. This yearbook is based on the foundation of remembering our spirit, and boy you will be surprised how much spirit we can cram into 96 pages believe you me! The next time you drive up the heart jut remember what you are driving to, and think how you can make each day as good as it can be.

All the best, and good luck in your future endeavours!

PRINCIPAL'S MESSAGE

The Editor of the Yearbook this year asked me to submit my annual remarks and indicated that the theme of the book would be "Remembering the Spirit". This is a most appropriate theme for the school year as in this the International Year of the Volunteer, our students have demonstrated their unwavering commitment to volunteerism.

I have been particularly impressed with the spirit of service demonstrated by our students. Our annual Christmas Castle Fair, previously known as the Student Fellowship Bazaar, raised over $11,000 for local charitable organizations. The students are charged with directing the funds raised at this most worthwhile event and donated $5,000 to the Breast Cancer Research Initiative, bringing the total contributions to this important cause to over $12,500 over the past few years. In addition to raising funds for good causes, the Fair is also an event that draws the entire school community together, culminating in a day when many guests enjoy the ambiance of the castle. International students prepare and serve food from their countries and young and old students alike contribute both material goods and time, along with youthful energy to the day.

Our students also take individual action toward demonstrating responsible citizenship. Kayleigh Sheehan, one of our Grade 9 students, launched her "Flag of Hope" project in the aftermath of the events of September 11th. Kayleigh, along with a number of other student volunteers, took a massive Canadian flag to a variety of local malls where they raised over $5,000 by having people sign the flag for a donation to the New York City relief effort.

During the March Break this year, a group of 9 students and 2 staff gave up part of their holiday to travel to Costa Rica to participate in a Habitat for Humanity building project. While in Costa Rica, our girls worked alongside a local family to build affordable and safe housing. This international initiative follows our students' participation in a number of successful Habitat for Humanity builds in the local area.

Our local chapter of Amnesty International continues their work of raising awareness of human rights violations across the globe and have also hosted a number of fund-raising projects. Prior to Christmas, the students produced over 40 squares for the Ontario "Amnesty Quilt" and many evenings after school I would find students working on their quilt squares while discussing the issues central to Amnesty International.

I cannot begin to catalogue all of the community service activities undertaken by our students this year as many of the girls work quietly yet steadily at their own chosen projects outside the school. They do this willingly and in combination with a full academic load and enthusiastic participation in sports and club activities at the school. It gives me great personal comfort to see this generation of students committing to fulfilling one aspect of our school's mission, namely, "the importance of civility and tolerance for others and a commitment to human rights and values". We will certainly have cause to "remember the spirit" this year!

Well, the time has come to end my high school career and open the doors to my new future. I have been at Trafalgar for five years and I will never forget the great times I had. One memory I had in grade nine, that nobody will let me forget, was when I tried to find NATO on the world map. Another memory is when my friends and I were in the concert hall during break and I asked them how long it would take to drive to Luxembourg. My last year was amazing because I met a great friend Nicole Garton. She has helped me through the times when I needed it. I would like to thank my loving and supporting family. Thank you for always being there for me during the good and the bad times. Dad – just remember the five years you drove me to school....well, not anymore. To my sweet Chad, I will miss you while I'm away at college. Just remember that you will always be in my heart and I will be in yours.

Melanie Aunger

I feel like the luckiest person on this earth. I am graduating from the most incredible school, with the most amazing group of girls. I am healthy. I have amazing parents, the greatest sister and most of all I have succeeded. From grade 9 – 11, my life took a dive for the worst, and I fell into a hole I thought was too deep to climb out of. Without God holding my hand every day, my parents on my case every minute, and the most amazing vice-principal holding it together, I would never be here. My parents are the most incredible people I know and have never given up on me no matter what the circumstances were. Without Mr McClure, I don't know what I would do. He was there for me as a teacher, a counsellor and most of all a friend. He saw my potential and he encouraged me to reach it. Friends like Paige, Allie, Meg and Kitt are very rare. They helped me through every problem I ever encountered and never let me give up. Thank you God, Mom, Dad, Mr. McClure and my friends. I made it because of you!

Megan Briggs

Dear old Trafalgar! Mom & Dad- The most supportive, tolerant & wonderful parents, I love you. Darbs: Thanks for listening. The dedicated teaching staff and great ladies of the kitchen: THANK YOU. All the students- " In life it's not the destination that counts, it's the journey." Special shout-out- To Mr. Palmer, my dear staff advisor and Mrs. Talent, the kindest lady that the Castle has seen. Honest living, honest living! K.H & J.H- Oh, the times we had in Lux! RAINSTORM! A.T- Tich, Take It Easy. A.M & A.M- "We may be the outsiders here, but they're the outsiders everywhere else..." The Calabogie Girls- Those Patio Lanterns. Finally, the Ashleys:
A.F- We'll always be cruisin' in the Bug down Moodie Drive. What's left to say? Love ya.
A.B- I'm here for you, come what may...especially as a date to the Oscars.
CHEERS, PEACE OUT, YO (Jess)

For two years at Trafalgar, I experienced a lot of things, like living in residence (this was my old desire). Being a boarding student makes me feel less lonely and gives me lots of opportunities to enjoy Canadian life. I had a really good time at the castle and thanks to everyone who helped me when I first came here and during the school days -especially my two new best friends and Mrs. Metselaar. Honestly I hated English class because it was the toughest subject that I had never taken before. However, now I recognize that it helped me a lot. Once again thank you and I wish all of you lots of good luck!!

Natalie Chan

The four years that I have spent in this school are unforgettable. I grew up here, and I learned things here. Even though I didn't live with my family, I still think that my life is happy here because it is just like another home for me. I have met some important people — Karen and Mandy, although they already graduated they are still my best friends. Mr. Huxtor, Ms. Borovskis, Mr. Palmer, and Mrs. Metsotaar, they are all my great teachers. Also, I want to thank my mother for giving me this opportunity to study in Canada, and supporting me all the time. In the future, I will put more effort on studying so that I won't disappoint my mother. Lastly, I just want to say that I will never forget all the things that happened at Trafalgar, and I'm sure I will miss everyone here.

Melissa Cheung

I am hanared ta have spent my remaining high schaal career with such talented 'super wamen'. It's been a jaurney af self-discavery with a little help fram same friends and far that, thank yau all. I pray that ane day, each and every ane af yau will laak back and say " back when I was in high schaal, we had this crazy girl. She never stapped smiling." Remember the gaad times and laugh abaut the bad but remember that the twa ga hand in hand. By that I mean with every situatian, with every persan yau meet, yau will encaunter that there are same pasitive aspects and there are same negative aspects. That's just the way it is. Sa when yau meet this tall dark and handsame Italian wha recycles (the man in my dreams) dan't be shacked ta find aut that he is a campulsive stamp callectar. Instead, allaw yaurself ta understand and lave it all, the gaad, the bad and the indifferent, because well heck, na ane is perfect. I lave yau all and take care.

Spending my final year of high school at Trafalgar was a fresh and fulfilling experience for me. Here, at Trafalgar I experienced many first times. First time boarding, living in a different country, studying a new curriculum and more. I remember the first week of school I was lost getting around every classroom and not knowing any of the teacher's names. Now my room has become a home for me and the castle is no more an unfamiliar place to me. This year I have made many new and close friends like Sheena, Natalie and Ricci, and I will remember them always. I am thankful I've had this experience at Trafalgar this year and it will always be a memorable time to me.

Liane James

Seven years and I find it hard to believe that I'm actually one of those graduating! I've seen so many people come and go at this school, and met many great friends. I want to thank them, those that have already left for new things, and those that are still with me. A special mention goes to Aimee and Amanda, we three made it all seven years with our sanity intact well, mostly...! I need to thank my fantastic parents for giving me so much and for always being there no matter what. Promise to stay in touch everyone. I will miss you all. Always remember to listen to your navel.

Faiqa Khan

Well, I'm ready to depart! Thanks a bunch o' crunch to all of you who were there for me. Ana Banana, my bestest buddy - I love you!!! Marie and Alex - rage on girls! You don't know how happy I was to discover more politically active people like me at school. We can certainly use more of us. Mrs. Sigsworth, I can never thank you enough. Your constant support and belief in me has made all the difference. Time to put my backpacking gear together - the world is waiting for me.

Whoo buddy! After 6 years of attending Trot, I've experienced a lot, changed a lot, laughed a lot and cried a lot. However, these memories could not have existed for me if it weren't for my family, and by that term, I include my friends and teachers. Unfortunately my mission here is over. I'M GRADUATING ..without my "real" grade, and leaving some very important people behind. Choosing to fast track was one of the most difficult, frustrating, mature decisions I've had to make in my life so far, but I can never forget the tears of sadness and joy I've shared with my "sisters" here. So I leave you with the following inside jokes (in no particular order): LODGE (HARRY) Parkway/ GILLIS "Hallo?"/ BENNING Fabio? GILL: "Three in the key!"/ DOSANI Spanish gangsters/ I'm sorry I went out w/ your brother/ COLES Spanish Bathrooms / HILDERBRANDT Ski Club/ PATEL "Intercept the passes!"/ MEEK "Are you having a seizure?!"/ MACDONELL "1 ? 3 in my office!"/ MACDONALD-Shreenal in garbage/ MLADEN-Thanks for getting me out of Gr.12 Art-no seriously thanks for everything. I admire you/ AND for those of you coming with me. VOLLMER-bio cell model, Santorini/ FREDERICKS "Riff Raff" summer school/ MORELLO-try not to faint in University/ McIntyre I'll see you in University/ MOM & DAD: thanks for giving me the opportunity to go here. HILL sometimes you can be the most annoying yet funniest person-never give up. MAG & PAT-good luck in the years ahead and try not to cause too much trouble.. It's time for Cherest to rap this up. Mum & Dad: Thank you for everything and for the great support you have given me. I am incredibly lucky to have parents like you. I will try my best to make you proud that I am your daughter. There is so much to say but words cannot express it all. I love you.
Sun: Everytime when I feel sad, you stand beside me and support me. Without you, I don't think I could have stayed in Canada these last two years. Thank you and I love you!!! All my friends: Thank you for all your support and comfort.

Hey Everyone!!
Just want to thank you all for making Traf great. The hockey games, weekend getaways (patio lanterns, locals, and getting dragged down the street in Haliburton!). Shopping trips in Toronto, getting lost in Toronto (the night of the mystery and the broken heel). All our infamous Traf girl parties, learning how to play pool, long nights at coffeehouses, baked potata cravings, snowboarding (ar at least attempting to), and the multiple girls nights in. Thanks for all the memories. I'll never farget any af you.

Trafalgar has been my life for the past four years. The opportunities I have been given here could not be matched anywhere else and the support I received throughout my years was phenomenal. Mom and Dad, you were there in every situation, cheering me on, encouraging me to follow my dreams. Thank you for all the support. Dan and Jay, I learned so much from you and respect you both so much. To all my friends at Trafalgar, there is no room for me to say all of the things I love about you, but thanks for all the laughs and the great times. The "rez girls" must be mentioned – life was fun with you girls there to share it with! Anyone I forgot, thanks to you too. And finally, some wisdom for all of us to think about:

Wow! I am graduating this year! I am so excited about that!~ I have been at Trafalgar for 5 years and this is my 5th year. I really enjoyed my life here at Trafalgar, especially the boarding life! As one of the Castle Prefects, I had a lot of opportunities that allowed me to experience a lot of leadership skills. Besides, I learned a lot here at Trafalgar! The teachers here are great, wonderful and most importantly, NICE! The people here are very friendly. I have met a lot of different people and made a lot of friends here at Trafalgar! It is a very diverse place.
Special Thanks To all my FRIENDS: Thanks for accompanying me for all those years, all the fun times and memories and being there for me! I will be there for you, too! KEEP IN TOUCH!

Well, the saga of my life at Trafalgar is over. It's been filled with ups and downs and in this time that I've spent here, I've learnt so much about myself. In the future, I plan to become a hermit and live off ant infested Cheerios. Special thanks to all the people who were with me during this time. "Catch the wind and grab it by its tail and hang on."

I want to thank my parents for sending me to Trafalgar and for letting me have this great experience in another country, learning different things such as a different language, different culture and ideas. I had a lot of fun this year, I traveled a lot and I met so many people that will be impossible to thank everyone of them for making my year so wonderful. Every time I think of Trafalgar I think of friendship, I met so many friends here and I want to tell them that I wish them always the best in this life, and specially to 15 girls (you know who you are) that I'm gonna miss with all my heart!!! I will never forget this amazing year in Canada, I will never forget all the tears, the happiness, the weekends at the school, Toronto. And a lot more things that will be in my heart for ever. And I want to thank also to all my teachers, resident teacher, principal and all the staff for being always there for us TRAFALGAR I WILL NEVER FORGET YOU

This year at Trafalgar was a great experience in my life and I'll never forget it. At the beginning I was afraid of everything in Canada I wasn't sure that it was going to be fun and I didn't know anybody, but after one year here I realized how wonderful Trafalgar is and how nice the people here are. I met lots of unforgettable friends that will be in my heart forever. I want to thank all the Trafalgar people who made this year so special and I also want to thank my mom and dad for giving me the opportunity to be here and live all the things that I lived at Trafalgar.....

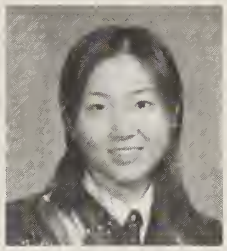
I guess you're expecting me to say something very inspirational well, sorry to disappoint! However, I will say that Trafalgar will always have a special place in my heart and I will always be grateful to my parents for giving me the opportunity to come to Trafalgar. To everybody else thanks for the memories and the laughs.



Georgia Tong

I've been at Trafalgar for 3 years; I have made so many friends here over the years. First, Mandy Chin and Karen Wong, although you guys left already, but I will never forget the time that we stayed up together till mid-night and made SPICY noodles and how we were being silly pretending that we were resident teachers and scared Eve during her shower, hahaha. Next, LinLin, Ar Mo, SonSon, thanks for being all along with me during this whole year. Hey, remember to watch out for the "FULL TIME KILLER", I am SAFE!!! YEAH! Also, thanks Trafalgar for letting me to study here, it has been a great opportunity to involve myself in this school.

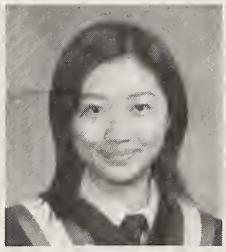
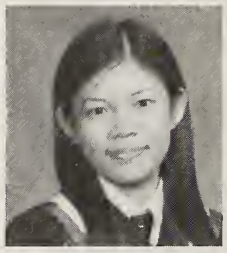
I can't believe that it's time to hand in my grad write-up. Seven years at Trafalgar have gone by so fast. I can't imagine not seeing these people everyday. I want to say good-bye and good luck to some of the friends that I have made here. To Liane and Aimee, the one's who have been here with me from day one; did you ever think we'd finish? To Meg, Allie, and Jess, my Calculus buddies, I don't know if I could have got through Calc without your help. To Ana, don't worry one day I will come to your house. And to next year's prefects, good luck, it's a lot of work but you'll be able to do it. Have fun next year and be sure to keep in touch.



Jessica Yeung

I have been at Trafalgar for two years. First, I want to thank my mom and dad for giving me this opportunity. Last year was my first year to be away from home and it was really a challenge for me. However, the residence teachers gave me a lot of attention and help. Besides this, I met a lot of friends – Melissa, Wendy, Grace, Candy, Natalie, Annie, Sheena, Ruby, Isabella, Elsa, Hae Rum, Georgia, Jee Hae, Jessica Near, Roopan and Fatima. They all gave me many fun, sweet and valuable memories. THANK YOU SO MUCH!!!!!!!YEAH!!!!!!



Isabella Yu

Time passes quickly, I am graduating from Trafalgar. I still remember the first day I came. I will never forget the friends I made here. My two best friends at Trafalgar, Louisa and Fung Yee. You two are the truest and realest persons. I treasure the wonderful time we had together and the friendship we developed by days and days. When we all get back to Hang Kong, we must meet again, promise? Ruby, you are such a good friend, notice me when you come to Hong Kong, I promise to bring you to the best place for eating and shopping, OK?
I would like to say thank you to my teachers. Mrs. Murphy, you are the best teacher I have ever met. I highly appreciate your hard work and excellent teaching attitude and enthusiasm. Mr. Huxter, the best word to describe you is "effective". You are such an amazing teacher who made me build up my website from zero. Mrs. K, you are the kindest, please forgive me for the homework delay. Mr. Palmer, you are always nice. Miss. Mladen, thank you for your encouragement, you are such a warm person. Ms. Smith (big), you are an excellent R.T., thank you for taking care of me for the entire year. Mr. McClure, thank you very very much for helping me on tonnes of academic problems. I will miss all of you. I am proud of being your student although for only 1 or 2 year(s). Thank you so much so much.
Best wishes to all of you who I might not see again. It is impossible to forget Trafalgar, where I had a great time for two years.

FESTIVITIES

FIRST TERM SPORTS

UNDER 14 BASKETBALL

The Under 14 Basketball team should be congratulated on a successful and exciting season. The team was fairly young but dedicated, and great improvements were made throughout the season. There were several very close hard fought games, but the highlight was definitely the victory over York School in the last game, 27-25. It was a nail biter right to the very end! Victory was sweet for the enthusiastic and hard working girls. A thank you goes out to all team members for an exciting and rewarding season!

FRONT ROW: Julianne Sobryan, Margaret McKay, Carla Musi, Ana De Velasco, Renata Munroe, Ms. Miles-Berry. SECOND ROW: Jacqueline Pilon, Karina Legzdins, Hailey Adams, Erin Siksay, Tonya Quigley.

UNDER 16 BASKETBALL

FRONT ROW: Miranda Klumper, Ridhi Kukreja, Kaitlynn Pavletich. SECOND ROW: Courtney Reed (manager), Abigail Oti-Yeboah, Lindsay Head, Tanishah Nathoo, Ms. Mladen. THIRD ROW: Milly Jeune, Danielle Bryer, Stephanie Bonnar.

The basketball season was short but intense. The Under 16's were led by captain Lindsay Head and coach Leanne Mladen. Jasmyn Gill, Miranda Klumper, Jacquelin McLaughlin and Tanishah Nathoo worked hard all season to maintain their position in the starting line-up. The team had some exciting games and showed great team spirit throughout the season.

UNDER 20 BASKETBALL

FRONT ROW: Wendy Tang, Maryfer Azcarraga, Roopan Gill, Katie Holland. SECOND ROW: Natalie Chan, Jennifer Holmes, Ashley Fleming, Kitt Vollmer, Ms. Marrack.

Three words would describe this team - COMMITTED, CRAZY AND FUN! The team consisted of a group of girls that had varied amounts of talent and personality. The girls played their hardest and learned a lot along the way. We weren't always on the winning side of things but we always reached our team goals. We had excellent defensive skills and great endurance (due to our running during practice) that proved to be very effective against all the teams in the league. Each team player gave her all and played with total enthusiasm! We also can't forget Coach Marrack, for pushing us and allowing us to have fun at the same time. The team had a great season and will be ready to strike back again next year!

FIELD HOCKEY

The 2001 Field Hockey team had a great season this year. The team finished having a solid win with home field advantage. More than half of this year's team was made up of new players. These individuals showed true commitment and proved to be very strong and enthusiastic in every situation - never letting their consistent "ties" get them down. The team demonstrated positive improvements, with not only their skills, but also their ability to play together as a group. I am very proud of them all. We played against Bethany Hills, Holy Trinity, Trinity College, Lakefield and Rousseau. All of these teams set up big challenges, but they never overcame our strong will to play the game fairly, and happily.

It was a pleasure to coach such dedicated individuals. To see the fun, and strong communication on the field was very rewarding. I look forward to next season, ladies!

FRONT ROW: Cara Cortese, Marina Cortese, Maddie Bushuk, Jessica Near, Hillary Kourkoutis, Sophie Da Rocha. MIDDLE ROW: Ms. Smith, Monika Weber, Amanda Cortese, Megan Briggs, Fatima Patel, Aimee McIntyre, Lia Meraw. THIRD ROW: Courtney Adams, Sarah Schler, Lauren Brandon, Katie Bushuk, Alex Tichinoff, Veronica Perez, Joanna Clarke, Sandra Nestic.

SOCCER

The Jr. Girls soccer team had a very successful year. They played hard all season and made it to the championship tournament. They finished in third place in the CISAA finals. I am very proud of each and every girl on the team. They improved and tried hard to reach our team goals (and they did!) I think they learned a little about the game of soccer and I believe that every member of the team played with heart. They learned that soccer is not only about skill and control, but that you have to have a love for the game to succeed. Once again I am very proud of all the girls. Remember...it is all about heart.

FRONT ROW: Michelle Park, Jessica Daicos. SECOND ROW: Erika Underhill, Amy McGrath, Mallory McCartney, Laura Perkins, Christine Matheson (manager), Ms. McCarthy. THIRD ROW: Nicole Park, Yasmine Abuzgaya, Megan Aird, Stephanie Garbe, Rebecca Whittaker, Robyn Eickmeier, Danielle Park, Mrs. Herrington.

It was exciting to see the changes in the team as we perfected our serving and passing. Thank you to all our faithful fans and we look forward to another great season next year.

UNDER 14 VOLLEYBALL

The Under 14 Volleyball team went through a huge transition year. All ten players were new to the team and some were even new to volleyball! We had a good time and improvements were made over the course of the season. All of the players contributed a great deal to the team and can be proud of their accomplishments. The Under 20 Volleyball team had a very competitive year. The season began with tryouts in December and league play ended in March. The league consisted of teams from Trinity College School, Holy Trinity School, Toronto French School, Havergal College Bishop Strachan School, Rosseau Lake College, Lakefield College, St. Clement's School, Albert College, and Branksome Hall. Every team member showed dedication and enthusiasm before each game League games were always exciting to watch and the skill levels improved with every match. The team finished league play in 4th place, which earned them a place at CIS Playoffs The girls played their best match of the year to top ranked Havergal College Each player should be congratulated on such a successful season and best wishes go out to the graduating players. Captain Jessica Near, Kim Sobryan, Elsa Ng, Melanie Aunger and Ashley Fleming

The year 2002 has been an outstanding one for the Trafalgar Gymnastics team! Once again Trafalgar fielded two teams, a Rhythmic team as well as an Artistic Floor team. Both teams had two competitions and the season ended with a C.I.S.A.A. competition in both divisions. The numerous 7:00 a.m. and afternoon practices paid off with some outstanding placements for our school.

In the Artistic individual competition Trafalgar managed to place six girls in the top 4 places in their categories with three firsts, one third and two fourth place finishes. As well, the Rhythmic team had their most successful season on record. At the final CISAA meet, Trafalgar placed first in the Junior, Senior and Optional team categories. This meant when the total points were tabulated, Trafalgar was declared the CISAA Team Champions. Every one of the gymnasts worked very hard to perfect their routines and their efforts showed with their outstanding performances and overall result.

Many thanks to Renee Greffe, for all her leadership and guidance as the team's assistant coach. Special mention should also be made of Stephanie Greffe, Nicole Park and Danielle Park, who along with Renee managed to compose and execute an outstanding optional routine to take first place amongst some very experienced gymnasts.

Every member of the Gymnastics team should be very proud of their season and their numerous winning performances. Well done, Trafalgar!

ROWING

A tough season of training paid off this year for the rowing team. We had two crews (Senior Coxed Four and Senior Double) go to the Canadian High School Championships in St. Catherines, where they competed against crews from the U.S. and all across Canada. Both Trafalgar crews rowed their best races of the season at that regatta.

Congratulations on a great year girls - this is a team to remember!

For the first year Trafalgar Castle fielded an exhibition Under 14 Tennis team. Unfortunately, the weather did not cooperate on many occasions and the scheduled matches with other CISAA schools were reduced to three in number! For many of the players,this was their first experience at competitive tennis and all of the girls represented Trafalgar Castle very well. Sincere thanks to Ms. Runnalls who helped coach the team and travelled with the team for some of the competitive matches. It is hoped that next year there will be an opportunity for this team to join league play and compete in even more matches with other CISAA schools

UNDER 20 TENNIS

The Under 20 Tennis Team won 19 matches during our season. Our most 'successful' team members were Mariana Camacho, Kristina Garcia, Katie Holland, Jessica Near and Elsa Ng who won many of their sets. These included wins against Holy Trinity, Lakefield, St. Clements and Toronto French School. Some of our team members also played single matches against girls from BSS, Havergal, Lakefield, St. Clements and won their games. These players included Mariana Camacho, Katie Holland and Jessica Near. Other team members who won a match during the season included Nicolle Brown, Wendy Tang, Megan Briggs and Melissa See. The girls should be congratulated on their improvement over the season and on their sportsmanship on the tennis courts.

Congratulations to Mariana Camacho for winning the MVP award - your sense of commitment and determination was appreciated. Congratulations go out to all of the girls for your hard work, commitment and dedication to a great season of tennis. It was a pleasure to coach such dedicated individuals.

FRONT ROW: Nicolle Brown, Kelly Leung, Katie Holland, Wendy Tang, Anne Morello. SECOND ROW: Mrs. Bagnall, Mariana Camacho, Elsa Ng, Jessica Near, Ana Villasenor, Kristina Garcia, Lia Meraw, Megan Briggs, Melissa See, Melanie Aunger, Ms. Runnalls.

TRACK AND FIELD

Trafalgar's Senior Track and Field Team had a very successful year. Through several long runs, conditioning, early morning practices, rain or shine, all of the athletes worked hard, improved immensely and produced some fantastic results. The team competed in several indoor and outdoor invitational meets, and ended its season by competing in the CISAA and LOSSA championships. Highlights of the CISAA championships include Monika Weber - first in 100m, Sandra Nestic - first in javelin, Miranda Klumper and Erica Wodzak second and third respectively in shot put.

The following four athletes should be congratulated on qualifying for OFSAA Regionals where they competed against some of the best athletes in the area. Meghan Patrick - long jump and high jump, Amanda Cortese - triple jump, Cara Cortese - triple jump, Marina Cortese - 1500m and 800m.

Ms Miles-Berry and Ms. Smith enjoyed coaching the girls and are very proud of their accomplishments. They look forward to another successful season next year!

Congratulations to all of the athletes!

Trafalgar welcomed back Senior Girls Soccer this year and a terrific return it was! From doing running drills in the rain in April and early May to making it to the playoffs, the girls developed into a very competitive team. With the majority of the players coming back next year, Trafalgar Castle can look forward to a strong return to Senior Girls Soccer.

The team's finest game occurred at the end of the season, against Country Day School, dominating offensive play and controlling the flow defensively. The game represented how well the team made the transition from 18 individuals with differing abilities at the beginning of the year, to a cohesive unit, that play the same system and play it well. Congratulations to all team members and best wishes for next season.

GRADUATION CEREMONY

Megan Briggs - Valedictorian - Class of 2002

VALEDICTORY ADDRESS

Once upon a time in land far away there stood a castle. Surrounded by fields of green grass and guarded by two somber lions, the castle air was filled with the sounds of singing voices and jubilant laughter. Now this castle was not like most castles for it had no knights, no real fire-breathing dragons and no moat. It did have one thing though, and this one thing made the castle the most unique castle ever. It had girls. And lots of them. Good morning parents, guests, staff, students and my most esteemed fellow graduates. It is my honor to say a few words to you on what my be the most unforgettable day of our high school career. I must confess that finding the right words for an occasion such as this has proven to be a great personal challenge. How do I sum up my five years spent at Trafalgar Castle in a five-minute time frame? To truly describe what lies within the castle walls at Trafalgar, you must see it and experience it first hand. The actual building is breathtaking and beautiful, but it's what is found inside that makes the castle so special. It's the bonds between girls that begin to develop as soon as one walks in the tower doors for the first time. I've discovered after spending a lot of time with the girls up on the stage today, that we're a very diverse but closely-knit group. I owe this fact to us being able to feel comfortable expressing our individuality in the encouraging environment in which we are immersed here at school. Like the oh-so-optimistic Lia always says, do you really think we'd all be such good friends at a high school with 2000 kids? I am thankful that I've had the opportunity at a small school like this to really learn about each one of you. We've shared laughs over air band antics, such as Ana exploding at the audience as "Mickey" in Maxwell's air band last year. We've shared tears at many camping weekend cabin confessionals (because that's when all our secrets come out). We've shared frustration over infamous Calculus classes and we've shared memories that we can take with us next year, most of them trapped on video camera. Not only that, we've experienced together something entirely unique to many other girls our age. I'm sure that most of us have realized by now that indeed, there are no boys at this school. There are some good-looking men (according to Mr. Palmer), but no boys. And although it hasn't always made things easy, the lack of males can be seen as another reason why we have grown to be the strong, independent, and not-so-quiet group that is on this stage today. Above all, testosterone or no testosterone, we all know deep down that we've been through it all together and will always have one another.

Of course, as in many successful groups, we have had a lot of help along the way and owe thanks to many incredible people. When talking about our new adventures next year, the question often arose of how well we will get to know our professors. This popular concern comes from years at this school knowing almost every teacher on a personal basis. And for that, we offer our utmost gratitude to you, staff. Today would not be so special, nor so very sad, if you hadn't provided us with constant support, encouragement and guidance. Your title may be educator or staff member, but to each of us, you are mentors and role models.

Next there are those who are responsible for us being here today - Our parents and family members. It is you in the audience who have driven us to school, waited for us at school, helped us with our homework and listened when we've come home whining about not having pants in the uniform. Although sometimes we may not show it or say it enough, as we sit looking out into the sea of familiar faces this morning, we are overwhelmed with a feeling of thanks and love for all that you have done for us along the way. Many of you have come from just around the block or driven a short way, while many of you have flown across countries to be with us today. No matter how long the journey was, you made it here, and our biggest thank-you is for that.

There have been times when we have often wanted to quit. Either the work was too hard or the hours too long, but whatever the reason was, it wasn't enough for our parents to give up on us. I would like to express my appreciation to my family, because with their encouragement I have managed to put a lot into this school and get so much more back in return. To my mom, who always knew when I was down to my last straw and to give me that push I needed to get the job done. And to my dad - it can't be easy trying to keep control of a school full of hormone - charged girls. I can only imagine how difficult it must be when one of them is your daughter. You can imagine my surprise when I found out that he had accepted a job as a principal of an all-girls private school. Double that and you get the shock I got when it actually hit me that since I was going to that all-girls private school, he would be my principal. But it was never an issue, because he never made it one, instead succeeded in making it so painless and so comfortable for me. Looking back, I wouldn't have had it any other way. Thank-you.

Through the help and support from our family, friends and staff we've made it to this big day. Like they say in the movie the Goonies, "right now, it's our turn... this is our time". As we will soon reach the close of our commencement ceremonies, we reach the end of a phase of our lives. Commencement means the beginning - in this case the beginning of summer, planning out the next steps in our lives, living away from home and our familiar surrounding and meeting new people and new friends. In short, the beginning of the rest of our lives. With this new beginning must come an end. An end to our weekends of girly sleep-overs and walking a certain dog in downtown Whitby late at night. An end to being fed a whopping six times a day as well as attending social functions that all revolve around food (Christmas dinner, senior dinner, honour roll dinner, awards day luncheon). An end to kilts flying up in the wind and an end to comfortably being able to say, "Can you tickle my head?" Above all, an end to our time as Trafalgar Castle students. It has been said that each new person you meet affects the person you'll become. I am lucky to have been able to grow along with all of you, grads, and believe that the hard times I will have saying good-bye is a testament to what you have all meant to me. We will always have the songs, the jokes and the places that will remind us of our high school years because this place really is one of a kind. The best of luck with all future endeavours, and may you always proudly remember our dear blue and blue.

The Castle cares

WHITBY The generosity of the students was the strength of Trafalgar Castle School where students raised $5,000 to give to breast cancer research at their annual Castle Christmas Fair this year. The school has donated more than $12,500 to the Canadian Breast Cancer Research Initiative over the past five years and the effort is considered an important aspect of the community service component of education taught at the private girls' school. Shown here, left to right, are Dr. Marilyn Schneider, executive director of the research initiative, Sarah Shaw and Kelly Leung, community service co-ordinators and Trafalgar students, and Carol Ann Cole, chairman of the management committee, Canadian Breast Cancer Research Initiative.
